Stone and Jarvi Receive Golden West Scholarships

Bobbie Jarvi, Philip and Andi Stone, Kadoka will receive a \$1,000 Golden West scholarship for 2022.

Bobbie Jarvi
Jarvi is a 2022 graduate of Philip High School. She is the daughter of Jodi and Adam Roseth. Jarvi's school activities include Future Farmers of America and Family, Career and Community Leaders of America, student council, and National Honor Society.

This fall, Jarvi plans on attending college but hasn't decided on a school or major yet.

Andi Stone
Stone is a 2022 graduate of Kadoka Area High School. Her school activities include volleyball, Health Occupations Students of America, National Honor Society, and more.

This fall, Stone plans to pursue a degree as a Medical Laboratory

Technician at Western Dakota Tech.

"Time and again, students across the Golden West service territory, like Bobbie and Andi, impress us with their academic and extracurricular achievements," said Golden West General Manager and CEO Denny Law. "It's an honor to recognize their accomplishments and help them further their education."

Now in its 24th year, the Golden West Scholarship program promotes educational opportunity for students served by Golden West. The Wall-based company has handed out more than 1,000 scholarships totaling over \$1 million since the program began. Each year, Golden West provides \$1,000 scholarships to more than 40 graduating seniors — one for each high school in the Golden West exchanges plus one at-large scholarship.

Robert Lukens - MS/HS Principal

Dear Kadoka Area,

I hope you all had an excellent Fourth of July holiday. Now, we look up, and students will be back on campus for fall athletics in only three weeks. As the school's principal, I see this formation as an opportunity to renew and remind our students that they are valued and appreciated. The project we are currently working through with coaches and the athletic department is the idea that all students need to feel like they are recognized when they arrive back for practice.

This year, we hope to reach out and have a personal note to all our fall activity participants as a setup for the start of the year. We want

students to know they have someone who cares available as we try to build trust with the students and shape our student body culture. As well as specifically reach out to new families in the district early in the school year. The act of reaching out to many families, admittedly, is a bit intimidating, but at the same time, how we set the tone for our students will be how the engine runs through the year.

I am enjoying the idea of kids back in the halls, and I look forward to that day in just over a month. Enjoy the rest of your summer. School is just around the corner.

Sincerely, Robert Lukens
